AFFIDAVIT OF Nanci MANFREDI UNDER 35 U.S.C. 1.132

I, Nanci Manfredi, do attest as follows:

1. I have been actively engaged as the docketing clerk at Norris McLaughlin & Marcus PA for a period of seven (7) years. Prior to that, I was the docketing clerk for my prior firm, Sprung, Kramer, Schaefer & Briscoe, which was merged with Norris McLaughlin & Marcus PA for a period of nineteen (19) years.

2. During the above term, I have been the sole person permitted to make entries and enter changes to our docketing system "CPI" at our firm's New York offices. No attorney or other staff member may enter any changes, including additions or deletions, to the docketing record.
3. It is my primary responsibility also to open all correspondence received from the USPTO, and to docket all communications received from the USPTO in a timely manner during the normal course of my day-to-day duties.
4. At the request of Andrew N. Parfomak, Esq., attorney and partner at our firm, I generated a report today, titled "Due Date List by Date" generated today, which lists all outstanding actions due for any of the patent attorneys in our firm for the time interval inclusive of 01 August 2007 through 05 August 2007. A copy of the results of this search are enclosed. I also printed out a copy of the search parameters which were entered in order to generate the "Due Date List by Date", a printout of which I also enclose which is titled "Report Selection", indicating that the sole search query limitations were those of the foregoing dates.

As the "Due Date List by Date" attests, there is no entry for the any response due for US Ser.No. 10/576770 in that range of date. If the *Office Action* of 04.May.2007 had been timely received by our offices, it would have been passed to my attention and entered and would have resulted in an entry in the "Due Date List by Date" report for that period. As can be seen by inspection, there are no such due dates listed for any actions due for US Ser.No. 10/576770, although other office actions for other pending applications were evidently received by us as evidenced by the several entries visible on "Due Date List by Date".
